

Cosgriff Review

*The Annual Newsletter and Report
2020 - 2021*

Our Extraordinary Ordinary Year -

July is traditionally a quieter month for a school community. Maintenance projects are tackled and there are limited office hours. July 2020 was different. On July 1st, I assumed leadership at J.E. Cosgriff Memorial Catholic School. Week one began with family/faculty emails, surveys, Zoom meetings, and video messages. These means helped us gather and share information to navigate the fluid realities we faced. We also started the rebuilding of the school website, and the remodeling of the main office.

A leadership transition is a major event at a school, this transition was dominated by the needed response to COVID-19. Our goal was to open as safely as possible for in person learning, while meeting the needs of families who chose home learning. To accomplish this goal every stakeholder made a commitment to informed problem solving and doing what needed to be done. Plans were developed and posted as guidelines changed. Our surrounding school district announced they would offer remote learning only. We all continued in hope and faith, working to fulfill our mission while implementing recommended protocols.

The following timeline reviews our year, which was obviously extraordinary, but within classrooms and on the playground work and play continued in an ordinary way.

In joy,
Principal Lisa Romero

"I'd like to add that I am very much looking forward to this school year. I know there will be challenges, but accepting the circumstances God puts before us and finding the good in that is what life and faith are all about."

Stephanie Garlinghouse - Religion Teacher

In faith and hope, the Spirit is strong

August

The Unique Challenge: To have as many students on campus as possible while addressing the social distancing/group size guidelines set forth at the time.

GRACE CIER - ART

BONNIE GRANZIN - 5TH GRADE TEAM

HEATHER KIRBY - 4TH GRADE TEAM

ELLIE LUU - PRESCHOOL

The Creative Solutions:

Preschool through second grade made substantial adjustments within their classrooms in order to welcome back their classes. However, the full classes in grades third - eighth demanded major reworking. Mrs. Noall (third), Ms. Sebahar (fourth) and Ms. Gehrig (fifth) committed to leading teams, splitting their classes into two rooms AND zooming home learners. All used their regular classrooms, then half of third was in the art room, half of fourth in the library and half of fifth in the Vaughan Center.

Student Leadership Council candidates shared speeches on Flipgrid and created flyers which were posted around the school. Our Student Leadership Council used Flipgrid throughout the year to regularly communicate with each class about our monthly service project, virtue focus and Tiger Tuesday themes.

Middle school started the year in a hybrid model ($\frac{1}{2}$ the class in person, $\frac{1}{2}$ Zooming from home for two days a week and alternating Fridays), with each class also having full time home learners. We adjusted drop off/pick up routines. Our new lunch plan guaranteed 6 feet of distance when face masks were removed. Before the first day of school our County Health liaison toured the campus and affirmed protocols are in place for as safe an opening as possible. Our first week of school schedule was altered to allow for necessary protocol implementation. August 18 was our all day, small group, Meet the Teacher event. August 19th was the first day of school for half the students, the other half attended on the 20th. August 21st first home learner materials pick up in the gym for 30+ students. Weekly materials pick up/drop off continued throughout the year. Teachers recorded videos and then Zoomed with parents for Back to School Night.

Student Leadership Council: Rowan Hankins, Isaac Hildebrand, Grace Munro, Zach Farr, Sophia Burns, Zeke Sherman.
Thank you for your service.

September

We proudly launched our rebuilt website beginning with a prayer from St. Isidore, the proposed patron saint of the Internet:

Blessed Saint Isidore,
who lifts body, mind, heart, and soul
bless and protect us online
in love, learning, joy, and service.
Fill our inboxes with good news and
lead us to do the same for others.
Keep us from posting in anger.
When systems slow us down
let us drink this life so freely given
that we may be ever grateful
for the breath, beauty, and
creative spirit that connects us all.
Amen.

Salt Lake City moved to the yellow COVID risk level phase, which changed group size guidelines. Planning began for all middle schoolers to be on campus everyday. On September 8th hurricane level winds took out our power and exposed gaps in our emergency alert system which we addressed. The fifth grade group in the Vaughan Center were without power for three days, undeterred their work continued. We celebrated our first Mass with the middle school on September 11th. The Book Bag program with COVID adaptations started up, providing weekly independent reading level books for grades kindergarten - fifth grade. HSA meetings began on Zoom, parent volunteers were welcomed for lunch recess duty, and parents began generously providing monthly teacher lunches. Our first service project was collecting donations for Berry Creek Elementary which was devastated by the California wildfires. Parent teacher conferences were held through Zoom and families participated in our first virtual book fair with The Story Cupboard.

Art Teacher Grace Cier and all Cosgriff students began working on a year long project. Postcards were created for fall, Christmas and Easter, which were mailed to the grandparents and friends of Cosgriff to remind them that near or far they are always in our hearts. The beautiful background art through out the newsletter is from these projects.

CHRISTIAN BALL - TECHNOLOGY SUPPORT
HEATHER LUTTMER - READING TEAM AND LRC**

October

The month began with a First Communion Mass for Spring 2020 First Communicants who had postponed the sacrament. By the end of first quarter we executed a new plan which allowed all students to be on campus everyday. Sixth grade, whole group, moved into the Vaughan Center.

Eighth grade, whole group, moved into the St. Ambrose Social Hall (church basement) and seventh grade was split between two middle school classrooms. Fifth grade remained split between their classroom and one of the middle school classrooms. We happily ended the middle school hybrid plan and the students' regular moving of their books and materials. However, the demands on our technology led to upgrades for our network firewall and middle school WiFi to address immediate needs.

Our October service project supported Five for the Fight. Students brought in donations in honor of loved ones who have fought cancer.

On Halloween, students wore their costumes to school and we shared a recording of our Halloween parade. Later in the afternoon we had our first Boo Thru, a drive thru Halloween celebration.

NOVEMBER

On November 2nd our important Power Hour program, K - 5 small group literacy work, COVID edition began. Eighth grade service at the Food Bank continued with ½ class groups. Grandparent tribute videos and slideshows were shared as well as the Shop our Village promotion. New cameras and technology in the church supported streaming of school Masses to the whole school. Each class filled multiple Thanksgiving food boxes for St. Patrick's Parish. From the beginning of the year, Coronavirus exposures, testing and quarantines were regular occurrences. Our first positive case in the school was in November, which is also when the governor issued an Executive Order State of Emergency. Throughout the second and third quarter our COVID response, communications and impact was pushed to the next level. At this time almost every other Catholic school had a four day school week for this COVID year, while J.E. Cosgriff maintained our five day school week. However, in November we announced the need to take off two extra days at Thanksgiving, and one Friday a month in December, January, and February. These Fridays to Thrive allowed faculty and staff to regroup and turned into key vaccine days in 2021.

December

The Advent season inspired a new tradition of decorating our entrance windows for the season. As a school we focused on gratitude and preparing for our first recorded Christmas program. The first graders once again helped us all focus on the true meaning of Christmas with their Nativity presentation. Mrs. Lacombe's kindergarten also recorded their annual performance of the Polar Express. The school participated in the Knights of Columbus "Keep Christ in Christmas" poster contest and the eighth grade submitted entries in the Catholic citizenship essay contest. The health department announced a substantial change to school quarantine policy. The change recognized that mask to mask exposures in school limited spread and therefore we would not need to quarantine students, although we would continue informing classes of cases. We went into Christmas break with teachers sharing their favorite Christmas books in the "Twelve Stories of Christmas" and we looked forward to the gift of vaccines.

THANKS TO OUR GENEROUS
COMMUNITY WE EXCEEDED
OUR YEARLY ANNUAL FUND
GOAL .

January

Happy New Year!

The windows at Cosgriff celebrated the Epiphany as we returned to school. Looking ahead to Catholic Schools Week, students submitted original designs to adorn the

windows of the school during CSW and the Easter season. Collections for our first Cosgriff Cares Valentine Snack Bags were gathered throughout the month. Faculty and staff enthusiastically participated in four weeks of the first dose of COVID vaccines. A virtual Kindergarten Night reviewed the daily work of our busy kindergarten classrooms with parents. This important dialogue helps everyone to work together for student growth. We ended the month recognizing our second graders who were preparing for First Communion at a Friday school Mass.

February

Catholic Schools Week kicked off the month of February. We began two new traditions, a spirit shirt day and a day of service. Hundreds of ziplock bags were filled with Valentines for care centers in the St. Ambrose Parish ministry, our local firehouse, the YWCA, and our neighbors. Classes shared presentations about their school day, we celebrated 100 days of in person learning and we had a school presentation Mass for our eighth grade Confirmation candidates. The busyness of the first week of February continued with our Mardi Gras Bingo, Zoomed into all the classrooms, followed of course by Ash Wednesday Mass.

All classes participated either in person or via the livestream, with Father Erik visiting those classes later to distribute ashes. Our second graders and their parents were invited to celebrate their First Confession and Reconciliation during the school day in small groups. Supporting the faith formation in our community the St. Ambrose Knights of Columbus generously donated a classroom set of bibles to our fourth grade class. Parent teacher conferences were again virtual, as well as all science fairs and the mock trial season. It can not be emphasized enough how our community rose to the challenges presented and worked through frustrations, often tech related, again and again. We ended the month opening up registration for a spring track program.

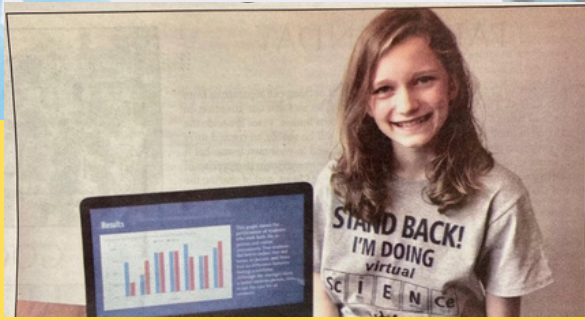

Catholic Schools
Faith. Excellence. Service.

95% of our faculty and staff received their second COVID vaccination dose

February

Diocesan Science Fair Awards

7th Grade

Isaac Hildebrand: Second place Behavioral and Social Sciences
 Anna Smith: Third place Behavioral and Social Sciences
 Tessa Fowler: Second place Physics, Astronomy and Math

8th Grade

Kelsey Cook: Second place Chemistry-Biochemistry
 Mia Giovanniello: 2nd place Engineering
 Ella Still: Third place Physics, Astronomy and Math
 Beau Saber: 1st place Engineering
 Overall Engineering Award
 Overall 8th Grade Award

Additional participants: Mia Sibthorp and Emma Schubach

All nine students were invited to participate in the University of Utah Science and Engineering Fair

Mock Trial

We are so proud of our team and coaches. Like all things this year COVID impacted practices, and competitions were on Zoom. Our team: Amelia Conner, Jack Freeman, Mia Giovanniello, Peterson Rooney, Atticus Kittrell, Kira Grantz, Beau Saber, Sophia Lyon, Caitlin Roney, Isaac Hildebrand, Eve Conner, Anna Smith, Mia Sibthorp, and Tessa Fowler. Our dedicated coaches were Terry Rooney, Joel Kittrell, Lee Saber and Kristen Roney. Sophia Lyon won Best State Courtroom Journalist.

Star Awards for best attorney and best witness, voted on by the judges and opposing team members, are given for each round.

Best Attorney:

Mia G. (x4), Kira (x1), Beau (x2), Atticus (X4), Peterson (X2), Anna (x2), Tessa (x1)

Best Witness:

Eve (x5), Jack (x3), Amelia (x7), Mia S. (x1)

University of Utah Science and Engineering Fair

Congratulations to our Cosgriff students who went the extra mile to compete at the diocesan level and then at USEF. Our winners were:

Behavioral & Social Science -

First Place & Broadcom MASTERS winner Anna Smith, Do students learn better in-person or online?

Third Place Isaac Hildebrand, How is accuracy of reading affected when the word of a color and the font color are different?

Biology and Microbiology - Second Place Mia Sibthorp, What bird food do birds in Salt Lake City like best?

Electrical Engineering - Second Place & Association for Women Geoscientists & 1st Place Loveland Living Planet Award & T.D. Williamson Outstanding Project in Energy or Environmental Science Beau Saber, Engineering a Submersible Magnetic Device to Capture Microplastic Pollutants from Water Bodies

Physics, Astronomy & Math - First Place & Broadcom MASTERS winner Ella Still, How does the electric current of a battery affect the strength of an electromagnetic field?

Mission Math - Second Place - Tessa Fowler, How does the thickness of a violin string affect the pitch it makes?

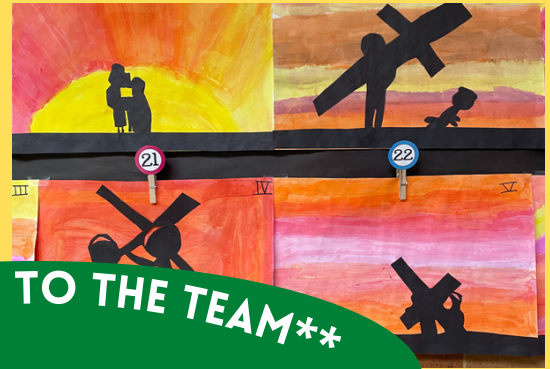

March

On March 2nd we celebrated Read Across America Day, wearing shirts you can read. All classes appreciated the eighth grader's reflections on their reading journey and favorite books shared through Flipgrid videos. Then we welcomed the fourth quarter and the March 19th Solemnity of St. Joseph--in the year of St. Joseph as declared by Pope Francis. We shared a simple prayer:

St. Joseph, watch over me and care for me just as you cared for the child Jesus; and by your help, may I come to know your Son, and so grow in strength and wisdom and the favor of God. Amen.

Almost all of our Home Learners returned in the fourth quarter, one year after the first lock down. Diocesan Service Awards were presented to Beth Walz for 5 years; Tricia Cook, Suzanne Lacombe and Diane Lee for 10 years of service; Tammie Cleverly for 20 years of service; and Stephanie Garlinghouse and Lisa Romero for 25 years of service in our Catholic schools. As our Lenten journey together ended, classes prayed the Stations of the Cross, palms were distributed and CRS Ricebowl donations were collected.

****WELCOME TO THE TEAM****

**ABBI MANCINI PK - 2ND SPANISH
MARIO EUAN - MAINTENANCE ASSISTANT**

April

Upon our return from Easter break we celebrated our first annual Week of the Young Child. The daily themes and special guests brought a well deserved spotlight and celebration to our toddler, preschool and prekindergarten classrooms. On April 20th we brought the two socially distanced halves of seventh grade together in one classroom. With no home learners in this class, this ended the Zooming for these students and teachers. First Communion for 27 of our Cosgriff students was celebrated at two beautiful afternoon Masses. The following Friday the second grade once again crowned Mary at a lovely school Mass.

COVID Report:

During the 2020-2021 school year we had around 400 individuals from 2 year olds to over 65 coming and going from our campus. Over the course of the year there were 15 student COVID cases and 8 adult cases reported to the administration, even though not all involved a school exposure or contact tracing. All of the adult cases and 13 of the student cases were reported from November to January. The student cases were spread across preschool - eighth grade. There were quarantines/testing following health department policy, but no closures or whole class quarantines. The quarantines ended once the policy changed so that mask to mask exposures did not require quarantines. Thankfully, there were no hospitalizations, but there have been COVID long haul health impacts for adults in our community which we pray resolve. This brief overview represents hours and hours of contact tracing, phone calls, emails and risk mitigation among all of our stakeholders. We worked through anxiety and questions as calmly as possible for the common good.

May

MARDI GRAS in MAY finally arrived on May 1st. As with many events of this year there had to be a substantial change to our major fundraiser. Moving Mardi Gras to May did not allow us to host an in person event, but we were able to work together for a successful live virtual event that exceeded our fundraising goal. Our Crown Burger VI Opportunity Drawing was a particularly wild Venmo ride raising over \$24,000. The kindergarten class ultimately came out on top earning the Crown Burger VI Picnic. Another success was our virtual paddle raise for classroom upgrades and a schoolwide update to the tech infrastructure.

Our parents and students provided a packed Teacher Appreciation Week which was the perfect boost we needed for the busy month of May. Eighth graders recorded their first Poetry Out Loud presentations and Mrs. Lacombe's kindergarten also shared their year-long poetry work. The Tiger Track Meet was a wonderful Saturday morning gathering. One of our most gratifying results from our end of the year assessments showed 92% of our kindergarten - fifth graders reading at or above grade level. This reflects the commitment of students, parents and faculty to literacy growth. Nineteen of our eighth graders celebrated the sacrament of Confirmation. Third, fourth and fifth grade families were invited to participate in a Sunday afternoon Amazing Race, recognizing the value of perseverance and working together.

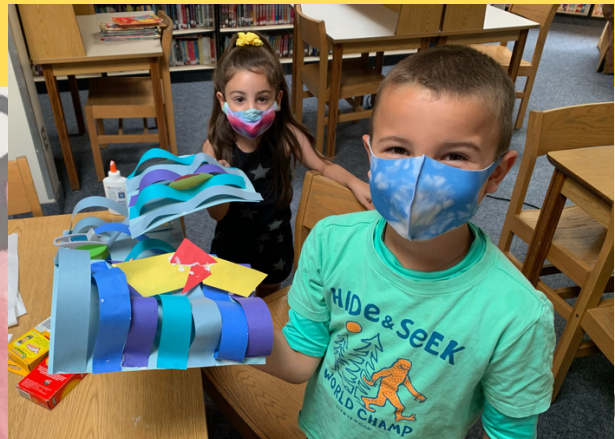

Graduation activities began with the kindergarten - seventh grade lining the halls and the front of the school for a joyful 'clap out' before their last school Mass. At the end of Mass the kindergarteners performed a song in their honor. This was followed by the traditional 7th/8th grade Court of Honor--this year held on our outdoor sport court. The next day the eighth grade handily beat the faculty in volleyball before cleaning up their classroom in the church Social Hall, making hundreds of peanut butter and jelly sandwiches for the Good Samaritan program, helping classroom teachers and delivering flowers to our neighbors. Then the class went to Sugarhouse Park for lunch and activities before returning for a class slide show and memory books. The evening graduation ceremony was held in St. Ambrose Church, with excellent messages from Father Erik, alum Darnell Crandall and Student Leadership Council President Zach Farr. Following the ceremony eighth grade families provided a lively outdoor celebration on our sport court and field.

Field Day - COVID Edition kept students in their class cohorts, providing fun activities and of course a popsicle for all. Our end of the year Honors Assembly was attended by fourth - seventh grade and streamed to the rest of the school. The last day ended joyously with music filling the air to celebrate the final pick up of our extraordinary, ordinary year.

Summer

Shortly after the last day of school, we happily moved all of the furniture from the Social Hall and Vaughan Center back to the school. The art room has been returned to an art room, and the library is again the library. Both spaces were used during June for the Cosgriff Summer Program. Our reading team offered take home book bags for interested kindergarten - fourth grade families. The second annual Kindergarten - eighth grade Tiger Lit Summer Challenge was shared and our Cosgriff Summer Program ran for four weeks in June. In July our technology backbone was completely rebuilt. A few highlights of the project are the previously daisy chained switches are now home run 10 gigabyte fiber to the main distribution frame. Along with access point uniformity and upgrades our security and traffic management has substantially improved. We look forward to filling our classrooms and returning to work.

Gratitude

This was a year. All stakeholders-- students, parents, faculty, staff, our extended families and donors--deserve a write up of how they adapted, persevered, cared for each other and supported the mission of J.E. Cosgriff Memorial Catholic School. Thank you for your generous spirits, your commitment, your patience, and your prayers.

In memory of John Paul (JP) Meyer, devoted husband, father and beloved member of our Cosgriff community. He passed peacefully on Thursday, June 17, 2021 from cancer, with his loving family at his side. Please keep J.P. and his family in your prayers.

J.E. Cosgriff Memorial Catholic School

2020 - 2021 Awards and Honors

HEART OF A CHAMPION AWARD

This award recognizes a student who demonstrates courage and commitment to life, exemplifying ongoing dedication to a set of attitudes and actions showing kindness, compassion and respect. It acknowledges perseverance and resilience through challenges. This year's Heart of a Champion recipient was eighth grader Jaxon Soto.

THE MONSIGNOR WILLIAM E. VAUGHAN AWARD

The Monsignor William E. Vaughan Award was awarded to Rowan Hankins. This award, chosen by middle school faculty, grants a full scholarship for one Cosgriff student entering the eighth grade who exhibits exemplary behavior in the areas of scholarship, leadership, sportsmanship and cooperation.

SISTER LOYOLA AWARD

Kira Grantz was presented the Sister Loyola Award for sharing an outstanding sense of Christian service, joy, humility, respect for others, and love of Jesus in the manner of Sister Loyola. The recipient of this award is always chosen by their peers.

MONSIGNOR HEDDERMAN AWARD

The Monsignor Hedderman Award was presented to Beau Saber for exhibiting leadership, excellent citizenship, high academic achievement, respect for self and others, as well as contributing to our Catholic identity and values, and serving others in the school and community.

JUDGE MEMORIAL CENTENNIAL SCHOLARSHIP

In 2021 the Judge Memorial Catholic High School entering Class of 2025 will be their 100th graduating class. This inspired the creation of the Centennial Scholarship recognizing the gifts a scholar will bring to the Judge Memorial community. These merit-based awards celebrate students who have already demonstrated significant achievements in their academic, social, physical, and spiritual growth. One of the four Centennial Scholarships, which totals \$20,000, was awarded to Amelia Conner.

PRESIDENTIAL ACADEMIC AWARDS

The President's Education Award Program is sponsored by the United States Department of Education. It was developed to honor students who have achieved high academic goals by their hard work and dedication to learning. The students who will receive this award have earned no less than a B+ in all core academic subjects from fourth grade through the first semester of eighth grade. This year's recipients were:

Aziza Attallah, Addy Borgmeier, Amelia Conner, Zach Farr, Mia Giovaniello, and Kira Grantz

J.E. Cosgriff Memorial Catholic School

2020 - 2021 Awards and Honors

J.E. COSGRIFF SPORTSMANSHIP AWARDS

Sophia Lyon was the 2021 sportsmanship award recipient for the eighth grade class. Sophia's positive, 'all in' attitude was a constant. She encouraged her classmates and would play with anyone and everyone without judgement. Her goal was FUN, not winning the game.

The definition of sportsmanship is fair and generous treatment of others. Fifth grader, Beau Simon always steps up to make his classmates feel included and successful in a game, practice, or play. Beau sets personal goals and works hard to achieve them purely for his own satisfaction and growth. For these reasons Beau earned a J.E. Cosgriff Sportsmanship Award.

NATIONAL MYTHOLOGY EXAMINATION MEDALS

Our sixth grade Latin students had another successful National Mythology Exam, with 65% of the students receiving medals. The study of Latin is rigorous and develops vocabulary, grammar and logic skills. Mythology is the "fun" part of all this work, a culminating experience of three years of Latin.

Perfect Score - Gold Medal & Certificate:

Caroline Chachas & Eileen Hobert

Summa Cum Laude - Gold Medal - 97.5%:

Connor Clark, Lucia Jeffreys, Thomas Dickman, & Quynh Nguyen

Maxima Cum Laude - Silver Medal - 95%:

Tess Jacobsen, Olivia Lee, Emerson Still, Eddie Chadwick & Chloe Whitehead

Magna Cum Laude - Ribbon - 90%:

Brady Boulds, Margaret Morgan & Alexandra Salazar-Hall

RED BUTTE GARDEN POETRY CONTEST

Several of our classes entered the spring Red Butte Garden Poetry Contest and all three of the youth winners came from Cosgriff. The poems of our eighth graders Kira Grantz and Addy Borgmeier and fourth grader Christina Jensen were on display in the garden throughout the spring.

KNIGHTS OF COLUMBUS AWARDS

The St. Ambrose Parish Knights of Columbus provided us several opportunities for expressions of faith and friendly competition. The first opportunity was the "Keep Christ in Christmas" poster contest. Our school winners second grader Eliza Gagnon and fourth grader Christina Jensen placed first place at the state level and our 7th grader Caitlin Roney placed second in her age group. Next, our eighth grade participated in the Catholic citizenship essay contest with the topic, "Trusting God During Difficult Times". Addison Ballard, Mehmo Murphy and Peterson Rooney were our school winners, with Peterson going on to win at the state level. Lastly, Knights attended fourth - eighth grade P.E. classes and held free throw contests. Here are the winners for their age groups: Kellen Argust, Olivia Ross, Jeter Soto, Catherine Van de Kamp, Everett Agresta, Johanna Rallo, Rayburn Moore, Lily Wikstrom, Nicholas Jack, Meredith Kimball, Jaxon Soto, and Beau Saber.
